

Here Is What I Do

Senior Artist Talk - *I Think*

By

William Brown

It's very weird for me to be here.

“Why?”

I am not an ARTIST.

I don't do the ART-thing.

What do I think of when I hear...

...Art?

Or

...Artist?

Acting

Dance

Drawing & Sketching & Drafting

Painting

Photography

Graphic Art

Sculpture

... or THIS.

... or this

wait, I did do that.

OK, so maybe I do some art.

Graphic & Text

"The spoken symbol perishes instantly without material trace, and if it lives at all does so only in the minds of those who heard it"

- Samuel Butler

Handwritten Chinese text, likely a transcription of the quote above.

- 言者言畢即滅 無形無跡

"The spoken symbol perishes instantly without material trace, and if it lives at all does so only in the minds of those who heard it"

21. Introduction

22. THE IMPORTANCE OF SUSTAINABLE DEVELOPMENT

The concept of sustainable development has gained significant traction in recent years, particularly in the context of global climate change and environmental degradation. It is defined as development that meets the needs of the present without compromising the ability of future generations to meet their own needs. This definition encompasses three pillars: economic, social, and environmental sustainability.

One of the primary challenges in achieving sustainable development is the integration of these three pillars. While economic growth is essential for improving living standards, it must be pursued in a way that does not deplete natural resources or exacerbate social inequalities. Similarly, social progress must be achieved without causing environmental harm. The interdependence of these pillars requires a holistic approach to development planning and implementation.

Moreover, the role of government and international organizations is crucial in promoting sustainable development. They can create a favorable policy environment, provide financial support, and facilitate knowledge sharing between countries. The Paris Agreement on climate change is a prime example of international cooperation aimed at addressing the global climate crisis.

23. CONCLUSION

In conclusion, sustainable development is a complex and multifaceted challenge that requires the concerted efforts of governments, businesses, and citizens. By prioritizing the three pillars of sustainability and fostering collaboration, we can create a more equitable and resilient world for all.

Terrariums

Video & Media

2 videos I shot and edited for the Levinson Brothers.

I managed a Kickstarter campaign...

...helped shoot and edit some videos.

Video I coordinated...

Stage

I'm rehearsing
for *The Skin
of Our Teeth*

I worked on building the set and getting props, too.

The show

Lighting Design
for *A Doll's House*

What Do I DO?

Stagecraft...

“...the technical aspect of theatrical, film, and video production. It includes constructing and rigging scenery, hanging and focusing of lighting, design and procurement of costumes, makeup, procurement of props, stage management, and recording and mixing of sound.”

-Wikipedia

My Work...

....Stagecraft.

My Identity...

....Technician.

Here's What I DO:

YSCDC 2016 - Lighting Design (LD)

The Skin of Our Teeth - Actor, Scene,
& Props

A Doll's House - LD

The Levinson Brothers - Coordinator

Twilight: LA 1992 - Stage Manager
(SM)

That's The Way of the World - SM

Nearly every production at the Foundry Theater, since my 1st co-op in Spring 2014, I have done some form of stagecraft.
