Summer Co-op Begins	Transitional Block Monday, July 9	Summer Break / Optional Summer Term Begins
Summer Co-op Ends	Transitional Block Tuesday, August 14	Summer Break / Optional Summer Term Begins

* Antioch College is changing its academic calendar in order to align more closely with the calendars of peer institutions. Summer 2018 is planned as a transitional term that will be offered as a special five-and-a-half-week block term. Likewise, an optional block term will be offered in December. Please note that the Summer 2018 Co-op term will thus be shorter than usual, although students have the right to begin a position as early as June 25 and work through August 24 if they desire to do so.

† Optional co-op terms for continuing third-year students who have enough credits to qualify for an extra co-op.

‡ The new calendar will offer greater flexibility around co-op start and stop dates on both sides of the summer. As always, students have the option to continue their spring co-op experience into summer break or begin their fall co-op experience early.
